

Virtual Innovation Showcase

Chemicals and Polymers Manufacturing Innovation Network

Online Innovation Showcase Symposium 2020

Speakers

Australia's Chemical Manufacturing Industry "Impact of Covid-19 and Looking to the Future"

Peter Bury,
Chemistry Australia
Director - Strategy, Energy and
Research, Company Secretary

C&PMIN, led by Monash University and Chemistry Australia with Accord, is a consortium of research projects driven by companies in the Chemicals, Polymers and Manufacturing sectors in collaboration with the world-class researchers at Monash University.

Program:

Peter Bury and Bronwyn Capanna will speak on the theme "Australia's Chemical Manufacturing Industry - Impact of Covid-19 and Looking to the Future" - a perspective from the industry organizations they represent.

Bronwyn Capanna
Accord
Executive Director

The second hour will involve the Chemical & Polymer Graduate Research Industry Partnership (GRIP) PhDs giving a three minute summary of their research projects.

This will be followed by the option for "audience" members to join a breakout room with the PhD researcher and their supervisor, if you have any specific questions.

WHEN AND WHERE
30 September 2020
10.00am-12.00 noon
